

Middle Market

Architects & Engineers

When it comes to positioning a business for success, architects and engineers need an insurance partner that understands the demands of their industry and provides flexible solutions. That is what CNA brings to the table. Our dedicated underwriting, Risk Control and Claims teams work together seamlessly to provide comprehensive insights and superior coverage options for General Liability, Workers' Compensation, Auto, Umbrella, Property and Inland Marine – helping policyholders protect their business and manage risk at every stage.

Broad underwriting appetite

- **Architect and Design Firms (SIC 8712)** – Architect and design firms typically provide designs, drawings or other professional services in connection with the design of buildings and the space within the site surrounding the buildings.
- **Engineer (Consulting) (SIC 8711)** – Engineers use professional expertise to invent, design or solve specific technical problems related to structures, machines, tools system/components, materials, site or environmental conditions and/or processes.
- **Surveyors (Land) (SIC 8713)** – Surveyors measure, map and describe the size/physical characteristics of land, bodies of water and the atmosphere. Utility locators fall within this SIC code.

Available coverages

- Auto
- General Liability and Property available through CNA Paramount
- Umbrella – up to \$25 million in capacity
- Workers' Compensation

Additional coverages

- General Liability extension
 - Per-project and per-location aggregate (extends to Umbrella)
 - Broad Named Insured
 - Owned Boat Extension
 - Excess Wrap-Up
- Property extension
 - Models and Prototype Coverage
 - Administrator Errors Coverage (damage to media)
- Proprietary Blanket Additional Insured
- Railway Protective Liability
- Crime
- Inland Marine/Contractors Equipment
- Advertising Injury/Personal Injury and Bodily Injury/Property damage for drones

Global capabilities

With distribution offices worldwide, we have significant authority at the point of sale. However, our vast international reach is rooted in a strong local presence. We support multinational organizations with complex local policy requirements through dedicated CNA Middle Market teams in the U.S., Canada and Europe. We have the ability to cover foreign exposures via ComPass™ and WorldPass®.

Technical claims excellence

Our global team uses top legal talent, local jurisdictional knowledge and extensive claims expertise to provide superior support.

Dedicated Risk Control services

Our Risk Control program uses cutting-edge technology and deep insurance expertise to provide distinct risk insights and systematic, sustainable solutions. Dedicated Risk Control engineers and Middle Market underwriters work together to ensure we manage global exposures at the highest level.

We offer comprehensive on-site and virtual risk assessments, as well as customized consulting services to address specific policyholder needs. Our Risk Control team partners with each organization for a strategic analysis of their operations, and offers wide-ranging services such as slip-resistance testing, fire/life safety assessments and program consulting related to events, security, and visitor and contractor safety.

- **School of Risk Control Excellence (SORCE®)** – World-class training and resources to help minimize exposures and complement your clients' risk practices.
- **Business Resiliency** – Consulting services to help customers adapt to and endure business disruptions.
- **Associate Business Continuity Professionals (ABCP)** – Certified professionals guide policyholders through catastrophic events.
- **Workers' Compensation** – Offers a complete solution to loss drivers and includes a return-to-work program that allows our customers to function at full capacity sooner.
- **Auto Fleet Safety and Controls** – Resources to help optimize driver performance, minimize accidents and reduce the likelihood of third-party claims.
- **Job Site Safety** – Services to develop programs to ensure your job site and employees stay safe.

Stability and financial strength

CNA is one of the largest U.S. commercial property and casualty insurance companies. We provide a broad range of standard and specialized insurance products and services for businesses and professionals in the U.S., Canada and Europe, backed by more than 120 years of experience.
